CHAMPIONS
OF MENTAL HEALTH AWARDS

Hello,

The Canadian Alliance on Mental Illness and Mental Health (CAMIMH) is pleased to invite you to take part in the **Champions of Mental Health Campaign** over the coming months.

We proudly run the Champions of Mental Health Campaign each year. It is a national education and awareness campaign that seeks to highlight the exceptional work of seven Canadians who work to advance mental health care and accessibility across the country.

Our Champions of Mental Health are selected by a CAMIMH committee which is made up of representatives from our various member organizations. Targeted media, educational campaigns, and government advocacy take place throughout the Champions campaign each year. It is through this advocacy that all Canadians can learn more about the important work they do in their communities and the work that must continue to be done.

To cap off the campaign, CAMIMH hosts a Champions of Mental Health Awards Gala during Mental Illness Awareness Week. This year, it will take place on Wednesday October 4th. This event will bring the 2023 Champions together in Ottawa to receive their awards and to connect with our member organizations, Members of Parliament and Senators, and other notable stakeholders such as your organization.

This campaign will provide invaluable knowledge, awareness, and networking opportunities in the mental health space. We believe the alliance of both of our organizations will be mutually beneficial, and **we would like to propose a partnership in support of our ongoing mental health campaigns**. Your collaboration in the will allow us to continue our advocacy on increased mental health supports and destigmatization nationwide, while also highlighting Champions in mental health awareness.

We would be happy to discuss this with you soon. I am available for any inquiry you may have.

Sincerely,

Florence Budden, Past Chair of CAMIMH and Chair of Champions Committee
